

> ACADEMIC UPGRADING

Ready to take your next step?

With academic upgrading courses at Lethbridge College, you can change directions or choose a new path to future success. If you're looking for an upgraded understanding of math, science or English, we've got the courses and great instructors to help you along. You'll earn Lethbridge College grades and credentials for this work - not high school credits. Whether you need to complete high school equivalency courses or upgrade your marks, academic upgrading will help you get where you want to go.

\$
